

ADA Diabetes Camp Application –2009

Dear Parents and Prospective Camper:

Thank you for your recent pre-registration for The American Diabetes Association Camp Program

Our camp provides camping for young people between the ages of 8-17 who have diabetes. The American Diabetes Association Camp Program at the Rotary Sunshine Campus, accredited by the American Camping Association, provides a safe, medically supervised camping experience for children with diabetes. It is hoped that each child who attends camp grows as an individual through the ideas and experiences shared.

Camp is a place to have FUN and meet other children who also have diabetes. Camper activities include swimming, arts, crafts, athletics, field sports, computers, hiking, skits and talent shows, archery, dances, radio station, miniature golfing and camping out in the woods.

This year we can accommodate *220 campers (110 each week)*. Applications are reviewed and filed according to priority and date of arrival at the American Diabetes Association office. **It is imperative that all forms are accurately and completely filled out and received by the due date to adequately prepare for each camper.**

Campers for whom complete payment and all forms have not been returned by June 13th will be removed from the list of attendees and replaced with campers on the waiting list.

Once all camper slots are filled, children will be placed on a waiting list. This waiting list is important so that we can fill Camp slots at the last minute. If you are interested in attending *Our Summer Camp Program* complete the enclosed forms.

Please return the following forms:

- Camper Application – to be completed by parent

CAMP REFUND POLICY

The American Diabetes Association strives to control the costs associated with providing camp in order to keep the fee families pay as reasonable as possible. ADA underwrites the cost of every camper by at least 50% of the fee that is charged to families.

In order to provide the camp program, ADA must contract and pay for the procurement of staff, a camp facility and all supplies up to 10 months prior to camp. We must pay all expenses for a guaranteed number of campers regardless of the number that actually attend. Therefore, this policy is to ensure that we can continue to make camp affordable for families, continue providing financial assistance to families who need it, and have time to fill vacancies from the camp waiting list.

This information sheet does not need to be returned to the American Diabetes Association.
