CARE AT CAMP

Our first priority is the physical and medical safety of your child while they enjoy a traditional camp experience. It is not perfecting blood sugar management. Our staff includes:

- Physicians, nurses, and other health care providers who provide round-the-clock medical supervision.
- Registered dietitians who plan meals and snacks, and manage all special dietary needs.
- Program staff trained to deliver fun, safe, and supervised recreational activities and sports.
- Counselors trained to recognize specific diabetes care needs and help kids adapt to the Camp environment.

The American Diabetes Association makes every attempt to accommodate medical and/or emotional needs of campers. However, if we can not meet your child's needs, the American Diabetes Association reserves the right to deny admission to Camp and we will refund your deposit.

SPECIAL THANKS TO

ADA Camp Discovery is funded in part by a grant from the K.T. Wiedemann Foundation, Inc. This grant is given in honor of Kenneth W. Pringle, Jr., a Wichita attorney who served as legal counsel and trusted advisor to Gladys and K.T. Wiedemann for more than 40 years until he passed away in 2002. The foundation supports Camp Discovery to honor his desire to see everyone with diabetes live a full life, especially children and their families.

We would also like to thank all of the local Lions Clubs, Cosmopolitan Clubs, Fraternal Eagles, Cox Communications, and the family and friends of Ted Morris.
