HOW ADA MAKES CAMP POSSIBLE

Throughout the year, the Association raises funds through donations and local fundraising events. The generosity of donors allows the Association to offer every camper nationwide a significant reduction in Camp fees.

You can help support the American Diabetes Association's Camp program by donating to the Association or participating in one of our local fundraising events. Visit www.diabetes.org to learn more or call 888-DIABETES to get involved locally.

ABOUT ADA CAMP EDI

Camp EDI is an acronym for the key components of a healthy, active life: Exercise, Diet and Insulin. Campers are offered the opportunity to experience the fun of camp in a medically safe environment. Besides the typical camp activities, such as swimming, canoeing and horseback riding, campers participate in daily "wellness classes," diabetes education with a member of our medical staff. The campers learn diabetes self-management skills and the importance of counting carbohydrates, diet and exercise. They also learn to be more independent in their diabetes management. Most important, they interact with other children who relate to the challenges of living with diabetes.

CARE AT CAMP

Our first priority is the physical and medical safety of your child while they enjoy a traditional camp experience. It is not perfecting blood sugar management. Our staff includes:

- Physicians, nurses, and other health care providers who provide round-the-clock medical supervision.
- Registered dietitians who plan meals and snacks and manage all special dietary needs.
- Program staff trained to deliver fun, safe, and supervised recreational activities and sports.
- Counselors trained to recognize specific diabetes care needs and help kids adapt to the Camp experience.

The American Diabetes Association makes every attempt to accommodate medical and/or emotional needs of campers. However, if we can not meet your child's needs, the American Diabetes Association reserves the right to deny admission to Camp and we will refund your deposit.

The true cost for a camper to attend is \$1675, but families pay only \$650 per camper.

Need help paying for camp? Financial assistance is available, excluding non-refundable deposit.
