## ABOUT ADA CAMP WANA KURA

Camp Wana Kura offers an opportunity for children with diabetes to build independence and learn new diabetes management skills.

Our first priority is not perfecting blood sugar management, but rather ensuring the safety of your child while they enjoy a traditional Camp experience. ADA Diabetes Camp medical staff provide campers the information and skills they need to live successfully with diabetes in any situation. We also achieve your child's main goal in attending camp, which is to have fun and meet other kids with diabetes.

Campers participate in traditional camp activities that help them to gain independence, become confident, discover new skills, and learn respect for each other and the great outdoors.

## CARE AT CAMP

Our first priority is the physical and medical safety of your child while they enjoy a traditional camp experience. It is not perfecting blood sugar management. Our staff includes:

- Physicians, nurses, and other health care providers who provide medical supervision.
- Registered dietitians who plan meals and snacks, and manage all special dietary needs.
- Program staff trained to deliver fun, safe, and supervised recreational activities and sports.

- Counselors trained to recognize specific diabetes care needs and help kids adapt to the Camp environment.

The American Diabetes Association makes every attempt to accommodate medical and/or emotional needs of campers. However, if we can not meet your child's needs, the American Diabetes Association reserves the right to deny admission to Camp and we will refund your deposit.

The true cost for a camper to attend is \$530, but families pay only \$50 per camper. Need help paying for camp? Financial assistance is available.
